WESTERN BALKANS UNIVERSITY

WHERE
CAMBRIDGE-DESIGNED
EXCELLENCE AND
CLINICAL INNOVATION
SHAPE THE DOCTORS
OF TOMORROW.

*YOUR JOURNEY TO BECOMING A GLOBAL
MEDICAL DOCTOR STARTS HERE*

The Roadmap to Excellence

A Curriculum Built for the Modern World

• International Foundation

Follow a curriculum exclusively designed for WBU in collaboration with the **Cambridge University Medical Education Group (CUMEG)**

• Global Standards

Study in an English-language program that reflects the Bologna Charter and EU directives.

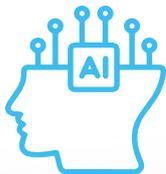

• Clinical Immersion

Begin your hands-on journey with clinical simulation and case-based learning integrated from the very first year

• Elite Partnerships

Master your craft through practice at the region's top institutions, including American Hospital and Hygeia.

• Future-Ready Skills

Gain expertise in digital health, AI tools, and evidence-based decision-making.

YEAR 6

Life in the School of Medicine

More Than Just Classes A Community of Innovators

• A Vibrant Ecosystem:

Join a “fourth-generation” university that prioritizes academic rigor alongside student-centered innovation.

• Research & Beyond:

Engage in scientific research, international conferences, and public health initiatives from early in your studies.

• Campus Excellence:

Train in state-of-the-art facilities designed for anatomy, physiology, and clinical skills.

• Global Opportunities:

Expand your horizons through Erasmus+ and European academic mobility networks.

• Rewarding Talent:

We support our best and brightest with merit-based scholarships of up to 100% tuition reduction.

OUR PARTNERS

Student Testimonial

“WBU gave me the confidence to step into a hospital on day one. The simulation labs are so advanced that the transition to real clinical practice felt natural, not intimidating.”

Reach Your Destination

Prepare for Global Success

The School of Medicine provides dedicated career and licensing support to help you navigate postgraduate applications and exams in the EU, UK, and North America.

Parent Testimonial

“We chose the School of Medicine at WBU because of the clear career path it offers. Knowing that the program is taught in English and meets EU standards gives us peace of mind regarding our child’s future.”
